Memorandum

To : Ken Aasen
Fisheries Management
Supervisor
Region 3

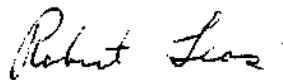

Date : May 26, 1983

From : Department of Fish and Game Special Rivers Fisheries Investigations

Subject: Dutch Henry Creek, Mendocino County, Salmon Spawning Stock Survey 1983

A salmon spawning stock survey of Dutch Henry Creek was conducted on 6 January 1983. The survey section extended from the confluence with Long Valley Creek upstream $\frac{3}{4}$ mile.

No carcasses, skeletons, or live fish were found.

Robert Leos
Fishery Biologist
